

PLANT ST. LOUIS PARK FILE NUMBER 215-B DATE 5-20-68
JOB WATER POLLUTION CONTROL
BY P. E. White APPROVED BY _____ DATE _____

SUMMARY

US EPA RECORDS CENTER REGION 5

514857

DESCRIPTION OF JOB

Covers work recommended by Mr. Leisher and Mr. Hennessy for controlling data and control of water pollution. Thus far this covers clearing of separator and hauling residue away, cleaning our trench system and installation of a straw filter at the discharge of the plant and of installation of a elevated blow down tank for our new system of bypassing the separator with our boiler blow down water.

Individual costs are broken down on equipment sheet.

As instructed by Mr. Leisher we are proceeding on the above work.
Please approve the expenditure.
